ELEVATOR DECOR

ABOUT ACRON

Acron Elevators India is a Sino-India joint venture that integrates elevator design, manufacturing, installation, transformation and maintenance. As a member unit of India Elevator Association, it has double A qualifications for elevator manufacturing, installation and maintenance.

The company covers a total area of 5000 square meters and an elevator comprehensive test tower, which is installed with a 8m/s super high speed elevator, has been built with a height of 98 meters. A complete suit of manufacturing equipment and perfect testing instrument has been introduced to ensure the company's strong production strength. Acron arranges production in strictly accordance with the requirements of ISO9001:2015 and management system, it also applies the world leading elevator control technology and drive technology to create competitive elevator products with excellent and reliable quality. Currently, the company has established a sound and rich product system that covers vertical transportation product, escalator and walkway product, freight transportation product, so it's available to provide customers with customized solutions.
